

5 September 1963

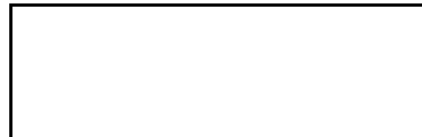

Dear Art:

In accordance with our telephone conversation, enclosed are the original and two (2) copies of the Definitive Contract No. IK-4666, which has been fully executed by proper officials of the Corporation.

The contract has been executed with the understanding that in the next contract amendment in Part VIII--PROGRAM MANAGEMENT AND SYSTEMS ENGINEERING AND TECHNICAL DIRECTION--of the SCHEDULE the document number "SP3-279" will be revised to read "SP2-085, dated 4 April 1962." Until such amendment has been fully executed, we will consider that SP2-085 will be in full force and effect. Please also note that in Article 4--ALLOWABLE COST, INCENTIVE FEE, AND PAYMENT (May 1961)--paragraph (a)(2) of the GENERAL PROVISIONS, I have indicated paragraph "(h)" should replace paragraph "(b)" for clarity.

The copies of the Work Statement and Specification, which you requested, will be hand-carried to you at a later date.

Very truly yours,

STATINTL
